## **The Bio Flame Brings Ethanol Fireplace Line Up To Home And Design Shows**

At The Bio Flame we are busy getting prepared for the Calgary Home and Interior Design Show! To those of you who are familiar with home shows, in particularly Canadian Home Shows you already know that these shows are always a popular opportunity for those people looking to spruce up their homes for the upcoming fall and winter seasons. The Bio Flame will have a large booth on display with a variety of our ethanol fireplace models for everyone to see and feel first hand. If you haven't seen our booth set up before then you are in for a treat! With 8-10 wall mounted ethanol fireplaces and some free standing models as well, this layout really appeals to everyone!

We understand that sometimes it can be difficult to visualize how an ethanol fireplace will look in your home. However, when you are able to see them lit up and mounted, or positioned appropriately on the floor, the hesitation melts away and you will know exactly which ethanol fireplace model is meant for you. If you are coming down to the home show in Calgary, we invite you to come to our booth and receive a special Home and Interior Design show price!

If we've peaked your interest in the show, here's a little more information: "[The Calgary Home + Design Show](#) is the ultimate authority on all things lifestyle. Whether you're looking for the perfect painting for your living room or considering a complete kitchen renovation, or simply hosting friends for a delicious evening of entertaining, you'll find expert insight, innovation, and inspiration for living well at every turn. Explore our website and get a sneak peek at what's happening behind the scenes - we guarantee it will leave you wanting more." There's also a great video of the show you can [check out here!](#)

If you have any questions about the show, or want to know where exactly our booth is located, please don't hesitate to send us an email or give us a call!
